## **Letter of Recommendation**

Dear Sir or Madam,

CONSTAB Polyolefin Additives GmbH is working with INTERLANG as a translation agency since several years. INTERLANG translated professional complex technical texts, sentences and phrases in different languages.

During the years in which we engaged INTERLANG for translation, we always received a very good and friendly support with optimal price service ratio. The employees of INTERLANG answered very fast within the agreed deadline or even earlier.

We are entirely satisfied and would recommend the service of INTERLANG.

Kind regards,

CONSTAB Polyolefin Additives GmbH
